Dear Debi and Gary,

Excuse the homemade paper, but the good stuff is packed away
....somewhere.

But we write with whatever we can find to thank you both for your enthusiastic and successful marketing of 404 Lakeshore Lane. You kept our spirits up, got us the help we needed to conquer the floodplain, wash the house, and do the interior patching your eyes could see the need for when ours didn't. For that and myriad other details you took care of, we are most grateful.

Since The Cedars is still just hopeful for Certificate of Occupancy in time for the August 10 move, we even more fully appreciate the terms you negotiated that allow us some flexibility in departure dates.

Anytime you need a reference, tell them to call us collect!!!

All best,

Marcy Windley
